

MAINE GOLF HERITAGE SCRAMBLE

We Need Your Help Saving Maine's Heritage For Future Generations

The Maine Heritage Scramble is played on our beautiful and challenging classic Donald Ross-designed golf course, with views of the White Mountains and bordering lakes. Optional period attire, plentiful food, longest drive contests, and bagpipe music add to the experience. We believe Arthur Fenn and Donald Ross, Poland Spring's golf course architects, would approve.

As in the past, this year's tournament proceeds will be used for the preservation of the Maine State Building and the All Souls Chapel. Because of the generosity of the Poland Spring Resort providing the golf course, carts and food for no cost we are able to put more than 80% of the moneys received directly into our buildings and programs.

In advance of the event, we are asking for your commitment to be one of our golfers, sponsors, or donors to the silent auction.

We thank you for your interest in and support of the Poland Spring Preservation Society's mission in preserving Maine's history and traditions.

Hope to see you on the Links!

Jim Delamater

*President & Chairman Golf Committee
Poland Spring Preservation Society*

The Poland Spring Preservation Society is a non-profit organization, with fund-raising as our major source of support. The Society is dedicated to the preservation and restoration of the Maine State Building, built for the Columbian Exposition of 1893 in Chicago, and the All Souls Chapel, a non-denominational place of worship built in 1912 for the world famous Poland Spring Hotels. Both structures are now owned by the Society and are listed on the National Register of Historic Places.

The Society's other objectives are to:

- Offer historic tours, art shows and other educational programming for school children in the Town of Poland and other communities at no cost.
- Preserve the rich heritage of Poland Spring, the local community and the state through our research library, archival collections and publications.
